Dear Mr. Rookstool,

You never got here and you didn't send the "rare" photo of me. I'm interested in that and would appreciate it or a copy.

If it is rare, I presume it is of my past, a past that some refer to as "nefarious".

I have no collection of photos of myself and one of the past could be interesting.

If when you are in the area you'd like to come and see what I have you are as I said before, welcome.

There is even less likelihood that I won't be home because I had open-heart surgery after you got the books.

Sincerely,

Harold Weisberg
